Headquarters

3155 N. Genoa-Clay Center Rd.
Genoa, OH 43430

Phone: 419-855-4733

Fax: 419-855-1074

The Allen-Clay Joint Fire District is currently undergoing a strategic planning process which will assist us in planning for the next several years. This process will have several phases. Phase one is an internal process of revamping our mission statement and core values. We are excited to announce that our new mission statement and core values are:

Provide Service with Integrity

**Integrity, Teamwork, Competence,
Respectful, & Tradition**

Phase two of this process will be to update our vision statement, this is where we start asking for community input. We are asking that if you live in our service area, please consider completing a brief survey. The survey can be found on our website under the about tab or by following this link <https://www.allenclayjfd.oh.gov/survey>. We would like to have responses as soon as possible. On the website, there is an option to complete the survey electronically or you may choose to print the survey out and return via mail. There is an additional comment section on the survey. If you feel we need to be made aware of any additional information or have additional questions, please use this section.

Phase three will be announced in the coming weeks. This is where we would like to really have your input. There will be a series of meetings to attend, however, attendance is not necessary at every meeting. During this phase, we will identify key areas that may need attention and develop objectives and goals to better the service we provide you. If you would be interested in taking part in this phase, please email your interest to chief@allenclayjfd.oh.gov and we will add you to our contact list for additional information.

On behalf of all the personnel of the Allen-Clay Joint Fire District, I would like to thank you in advance for your participation and support of this process. As always, we are here for you and if you have any questions, please feel free to reach out to Chief Musolf.

Michael T. Musolf

Fire Chief
